# Safety Moment: How To Stop Bullying

Don't solve the problem with disputes or conflicts. Do two things:

- Report it to the employer.
- If your employer does not have bullying and harassment policies and procedures or has not taken reasonable steps to address the incident, contact the Prevention Information Line at 604.276.3100 (1.888.621.7233 toll free) and speak with a prevention officer.
