

Week 2 Meeting

1/24/19

Team Leader: YJ

Other Team Members: Katayi, Nur, Chufu, Tam

Advisor: Dr. Ajjarapu

Safety Moment: Workplace Safety

THE 20-20-20 RULE

After 20 minutes of work, take 20 seconds to look at something 20 feet away. Your eyes have muscles that help them move and focus on different objects, but if we stare at a screen the same distance away for hours at a time, those muscles have a hard time adjusting once we move again.

Topics

- Feeder 1 to 3 DC Schematics

Feeder 1

Questions

1. We can't find much information about the feeders in the scope document, so how do we make sure that the connections in the drawings are correct?
2. For the Current Transformer, is it different between the ground-up and ground-down?
